Dr. Abhishek Dubey, Department of IT, University of Technology and Sciences, Sallaah,  
Oman.

**Introduction:** The Department of IT organized an enlightening lecture series on Emerging IT Trends as part of the Artificial Intelligence for Society (AI4S): Academic and industrial popular lecture series. It was the 6<sup>th</sup> lecture in this series. The event took place on 18th July 2023 and featured Dr. Abhishek Dubey, an esteemed expert from the University of Technology and Sciences, Salallah, Oman as the main speaker. The lecture series aimed to provide students with insights into the latest developments in the IT industry and the job opportunities it presents.

The poster is for the AI4S Academic and Industrial Popular Lecture Series, Talk-6 on Emerging IT Trends. It features the logo of Atal Bihari Vajpayee University, Bilaspur (C.G.) and the Department of Computer Science & Application. The speaker is Dr. Abhishek Dubey, University of Technology & Applied Sciences Salallah, Oman. The event is moderated by Dr. H. S. Hota, Professor & Head, Dept. of CSA, Atal Bihari Vajpayee University, Bilaspur (C.G.), India, and co-moderated by Dr. Rashmi Gupta, Asst. Professor, Dept. of CSA, Atal Bihari Vajpayee University, Bilaspur (C.G.), India. The event is scheduled for 18<sup>th</sup> July 2023, Tuesday, 12:00 PM. The mode is offline. The target class is Passing out PG Students of the Department. The poster also includes a grid of images showing recent AI4S events and a 'Recent AI4S Glims' section.

Talk-6 on Emerging IT Trends*

*Welcome Address by Head of The Department Dr.  
H.S. Hota*

**Program Highlights:** The lecture series began with a warm welcome from Dr. H.S. Hota, the Head of the IT Department, who expressed his gratitude to the attendees and introduced Dr. Abhishek Dubey as the distinguished speaker for the day.

Dr. Dubey commenced his talk on "Job Hunting and Preparing for a Career in the IT Industry." During his lecture, Dr. Dubey delved into the various job opportunities available in the IT sector abroad, shedding light on the emerging trends that students need to be aware of to excel in their careers. He discussed the importance of being well-prepared and equipped with the necessary skills to secure a job in the competitive IT job market.

*Talk on Emerging IT Trend by Dr. Abhishek Dubey*

*Dr Dubey Emphasizing the Importance of Industry-Relevant Knowledge and Practical Exposure*

The lecture sparked active participation from the students of MCA 4th and M.Sc. 4th semesters. Many students interacted with Dr. Dubey, seeking advice on job hunting strategies and technology trends prevalent in the IT industry. The engaging Q&A session provided valuable guidance to the students as they navigated their career paths.

*Vote of Thanks extended by Mr. Jeetendra Kumar to all the participants and guests.*

Following the lecture, Dr. Dubey visited the Centre of Excellence in the department and was delighted to witness the state-of-the-art facilities available. He appreciated the department's commitment to providing a conducive learning environment and applauded the efforts made to prepare students for future challenges in the IT industry.

Mr. Jeetendra Kumar extended a vote of thanks to all the participants and guests for their valuable contributions to the program. He conveyed best wishes to the passing-out students for a bright and successful future. The students also expressed their gratitude to all the teachers for creating a wonderful learning environment during their academic journey.

**Conclusion:** The AI4S Lecture Series on Emerging IT Trends, featuring Dr. Abhishek Dubey, was a highly informative and beneficial event for the students of the Department of Computer Science and Application. Dr. Dubey's expertise and insights into job hunting and industry trends offered valuable guidance to the students as they prepared for their careers in the IT sector.

The lecture series provided a platform for interaction between the students and the expert, fostering a better understanding of the IT industry's requirements and opportunities. The visit to the Centre of Excellence further exemplified the department's dedication to providing cutting-edge facilities and preparing students for a successful future in the IT industry.
